- This competition priority has been selected to increase schools competition, utilising the Competition Manager network as U14 (boys and girls) is the first step off point into the talent progression pathway.
- Other Format options are possible if local solutions dictate, for example, that a “central venue/round robin” format is preferable. See contacts for guidance.
- It also supports individual development by feeding players into clubs at both local and national league levels.
- Ages of players taken at the 1st September of each season.
- National School Competition Framework and the National Schools Competition Regulations are available on the England Basketball website (schools section) at <http://www.englandbasketball.co.uk/articles/article.aspx?aid=41&pid=230>
